Evidence of Primary Dental Qualification from Slovenia

If you have an appropriate European Diploma for the purposes of Schedule 2 of the Dentists Act 1984, you will be eligible for registration with the GDC under Section 15(1)(b) of the Dentists Act. An appropriate European Diploma is one which falls under one of the following categories A-E:

Qualifications listed in Annex V, point 5.3.2 of Directive 2005/36/EC

- A** If you have a diploma in dentistry which was granted in Slovenia, this will be an appropriate European diploma if you can provide evidence of the qualification listed in Annex V, point 5.3.2 of Directive 2005/36/EC¹ as follows:

Evidence of formal qualifications:	Diploma, s katero se podeljuje strokovni naslov 'doktor dentalne medicine/ doktorica dentalne medicine'
Body awarding the evidence of Qualifications:	Univerza
Certificate accompanying the evidence of qualifications:	Potrdilo o opravljenem strokovnem izpitu za poklic doktor dentalne medicine/doktorica dentalne medicine

Your training began on or after this date and your diploma was awarded on or after this date (reference date):	1 May 2004

You will not need to provide an EEA Compliance certificate. If your qualification is less than the 5000 hours required by the directive but was awarded before 18 January 2016 this will also be a qualification entitled to automatic recognition.

- B** However, if your diploma is listed in Annex V point 5.3.2 of the Directive but was granted **before the reference date², 1 May 2004 (or on or after that date where the training was commenced before that date)³** it is not an appropriate European diploma **unless** either

State for at least three consecutive years during the five years preceding the date of issue of the certificate.

Qualifications not listed in Annex V point 5.3.2 of the Directive

- C** If you have a diploma which was granted in Slovenia **on or after 1 May 2004** which is not evidence of training commenced by the holder before that date, and which is not listed in Annex V, point 5.3.2 of the Directive, this is not an appropriate European diploma unless you can produce an EEA Compliance certificate issued by a competent authority of Slovenia certifying that the diploma—
- (a) is evidence of training which satisfies the requirements of article 34 of the Directive; and
 - (b) is treated by Slovenia as if it were a qualification listed in relation to Slovenia in Annex V, point 5.3.2 of the Directive.

Qualifications from the former Yugoslavia

- E** If you hold a diploma in dentistry from the former Yugoslavia which—
- (a) is evidence of training that commenced before 25 June 1991 in the former Yugoslavia; or
 - (b) was awarded by the former Yugoslavia before 25 June 1991,

this will be an appropriate European diploma if you can provide the following:-

(a) an EEA Compliance certificate of the competent authority of Slovenia stating that you have effectively and lawfully practised dentistry in Slovenia for at least three consecutive years during the five years preceding the date of issue of the certificate; and

(b) an EEA Compliance certificate from the competent authority of Slovenia stating that that diploma has, on its territory, the same legal validity as regards access to and practice of the dental profession as the qualification listed in relation to that State in Annex V, point 5.3.2 of the Directive.

My qualification is from Slovenia but it does not meet the requirements above for an ‘appropriate European diploma’ for the purposes of the Act. Do I have an alternative route to registration?

If you are an exempt person and you do not meet the criteria above under Section 15(1)(b), you may apply for registration under 15(1)(ba) of the Act for recognition of your qualification under the ‘general systems’.

The GDC will provide you with further guidance on this route to registration. Information on this route can also be found in the GDC’s guidance document *“Frequently Asked Questions - Application for registration as a Dentist under Section 15(1)(ba) Dentists Act 1984”*.
