Application form for UK dental care professionals

May 2018 v3  Page 9
Section 5: Self-declaration (Please refer to the guidance notes page 19)

This section must be completed by all applicants

All amendments in this section must be signed by the applicant only.

1. Have you been convicted of a criminal offence and/or cautioned (other than a protected conviction or caution) and/or are you currently the subject of any police investigations which might lead to a conviction or a caution in the UK or any other country?

☐ Yes  ☐ No

If yes, please give details on a separate sheet, including the approximate date, offence, authority which dealt with the offence and any circumstances that the Council should be aware of in consideration of your application.

Note: Dental care professionals are exempt from The Rehabilitation of Offenders Act 1974. You must therefore tell us about prosecutions or convictions, including those that might otherwise be considered ‘spent’ under this act (other than a protected conviction or caution). Protected convictions and cautions are defined in the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 (Amendment) (England and Wales) Order 2013.

2. To the best of your knowledge, have you been or are you currently subject to any proceedings or investigations by a regulatory or licensing body in the UK or any other country?

☐ Yes  ☐ No

This also includes student fitness to practise proceedings. If yes, please give details on a separate sheet of the proceedings undertaken or contemplated, including the approximate date of the proceedings, country where proceedings were undertaken and the name and address of the licensing or regulatory body concerned. You should note that any information you provide may affect your application.

Before answering the next two questions, please read the GDC’s health self-certification guidance.

3. Are you a carrier of any infectious disease, blood-borne virus or other transmissible disease or do you have any reason to believe that any such infectious or transmissible disease may be present?

☐ Yes  ☐ No

If yes, please detail the infectious or transmissible disease or blood-borne virus on a separate sheet.

4. Do you have any health condition which may affect or has affected the safety of patients you treat and/or those you work with, and/or your ability to do your job safely?

☐ Yes  ☐ No

If yes, please give details of the medical condition on a separate sheet. If the GDC has any concerns about your health, we may need to obtain further information from any medical practitioner who is treating you. If you have answered yes to any of the statements above, please provide the full name and contact details for your occupational health practitioner and/or any other medical practitioner who is treating you.
5. The Dentists Act 1984 includes a legal requirement for registrants to hold insurance or indemnity cover for practicing as such.

I have in place, or will have in place at the point at which I practise in the UK, insurance or indemnity arrangements appropriate to the areas of my practice. (Please tick)

☐ Yes

Making a false declaration to the GDC is a serious issue. If you declare that you have or will have appropriate indemnity in place and this is found to be false, there is a risk that you may be subject to fitness to practise proceedings or removed from the GDC register.

Declaration by all applicants

I understand that the GDC may contact my character referee and any of the health practitioners whose names have been provided.

I acknowledge that my professional registration will be at risk if I knowingly make a false statement in this declaration and undertaking, or if I act in any way which is incompatible with it. I further acknowledge and accept that should a question as to whether or not I have acted in accordance with this declaration and undertaking arise; it may be used by the GDC in fitness to practise proceedings against me.

I will advise the GDC of any future criminal proceedings/police investigations, convictions or cautions and any future health conditions which arise which affect the safety of patients I treat and/or those they work with, and/or my ability to do my job safely.

I have read and understand the General Dental Council's standards and health self-certification guidance and I will adhere to this guidance. (Please tick)

☐ Yes

Section 8: Guidance notes

1. Registration details

Data Protection
Under the General Data Protection Regulation and Data Protection law, the GDC processes personal data, like the information in your application, because the processing is necessary for the exercise of the GDC’s statutory functions; and the processing is also in the substantial public interest.

Information about how the GDC will use and share the information you give us, the various rights you have in connection with any personal data about you that is held by the GDC, and how long we will keep your information for can be found in the privacy notice on our website here: www.gdc-uk.org/privacy

Publication of your personal details
The GDC’s register rules and regulations require us to keep a register of the names of everyone who is registered with us. The registers are public documents and are published on our website. The dentists and DCP registers contain the names and other information about a registrant the GDC is legally obliged to make public.

Registered addresses are not public information. Please note that the GDC may choose to publish your full registered address in the future, therefore the GDC recommends that your registered address is either a business or a practice address. Using your business or practice address will assist, if necessary, with local resolution of complaints.

It is important to note that any formal notices issued by the GDC will be sent to your registered address, therefore you must have access to correspondence at this address.

Identity document
The identity document that you submit with your application must be a colour photocopy certified by your character referee. This document should be an A4 page size.

The image of your identity document should be clear with the character referee’s certification not overlapping any part of the identity document.

If you are submitting a certified photocopy of your passport it is important that the machine readable zone (MRZ) is clear.

If you are submitting a certified photocopy of your UK driver’s licence it is important that both the front and back of the document appear on the same page and are not enlarged. We are unable to accept any certified photocopies of UK driver’s licence that do not meet this criteria.

Only one type of identity document should be provided on a single page. If you are submitting two types of identity documents, these should appear on two separate pages.

Passport photo
You must supply us with a recent passport sized photo that has been certified by your character referee on the back of the photo.
The requirement for individuals applying for registration or restoration with the GDC to submit a passport photo is aligned with the UK Government requirements: https://www.gov.uk/photos-for-passports.*

You must make sure that your passport photo meets these requirements otherwise there may be delays to your application.

Your photo must be professionally printed and 45 millimetres (mm) high by 35mm wide - the standard size used in photo booths in the UK.

Your photo must be:
• In colour on plain white photographic paper
• taken against a plain cream or light grey background
• taken within the last month
• Clear and in focus
• Without any tears or creases
• Unaltered by computer software

*Contains public sector information licensed under the Open Government Licence v3.0.

Evidence of name change
If your name is not the same on all documents you provide you must provide a certified copy of your marriage certificate, divorce certificate, or statutory declaration confirming your name change, and this must be signed by your character referee.

Guidelines for certifying photocopies of originals
The person certifying the photocopies of your documents must be your character and identity referee as well. Your referee will need to see your original documents before they certify a photocopy. Photocopies must be copies of the original document; copies of a photocopy or a fax are not acceptable.

A certified photocopy is one:
• On which the person certifying has confirmed in writing, in English, that they have inspected the original document and that the copy is a true copy; and
• Where the person certifying is the head of the applicant’s dental training school or their nominee or the person responsible for supervision of the applicant’s training, or a dentist, doctor, person entitled to practise law, minister of religion or a civil servant; and
• Where the copy bears the name, address and signature of the person certifying it; and
• Where the person certifying the document is not the applicant themself, or a member of their family.

Guidelines for translation of documents

• Any document not in English must be accompanied by a certified translation. This includes translation of any stamps or statements written by the person certifying a photocopy of your document.
• A certified translation is an exact translation from the original language into English made by a qualified translator.
• The translation must include the translator’s signature, name and address.
• Please note: you will have to pay for the translation. The General Dental Council will not refund any fees for carrying out the translation.

2. Qualification
Please refer to our website to see which qualifications are approved for registration by the GDC and enclose a photocopy of your qualification(s) certified by your character referee with your completed form.

3. Character and identity reference
All applicants must provide a completed character and identity reference. The referee must not be a member of your family.

The person providing you with a character reference must also certify the photocopies of the documents that you are submitting with your application. We will use the information provided in this section to assess your fitness for registration and to confirm your identity.

A referee can sign the character and identity reference if they are:
• the head of the applicant’s dental training school or their nominee, the person responsible for supervision of the applicant’s training; or another person of professional standing (in any country) such as a:
  • dentist
  • doctor
  • pharmacist
  • minister of religion
  • person entitled to practise law
  • chiropodist
  • civil servant
  • officer of the armed forces
  • optician
  • police officer
  • MP
  • teacher

They should include any information about your character which might raise a question about your suitability for registration.
The Registrar will decide whether or not the information is relevant and whether any further enquiries need to be made.

The same character referee must also sign the back of the passport photograph. By doing so, they are certifying that the photograph is a true likeness of you.

4. **Self-declaration**
   All applicants must complete, sign and date this section of the application form.

Dental care professionals are exempt from the Rehabilitation of Offenders Act 1974. When considering section 5 of the application form you must therefore tell us about all prosecutions or convictions, including those considered ‘spent’ under this Act (other than protected convictions and cautions).

We also need to know if you have been the subject of any professional proceedings in the past, or if any are being contemplated, by a regulatory or licensing body in the UK or any other country. You will also need to advise the GDC of any future criminal proceedings/police investigations, convictions or cautions.

We will treat any information you provide in confidence. We will only use it to assess your fitness for registration now and in the future. If you make a false statement, we may refuse your application for registration and / or prosecute you and / or charge you with misconduct.

5. **Health self-certification**
   Please read the GDC’s health self-certification guidance before completing the questions relating to your health within the self-declaration.

You must inform the GDC if you have any condition present which might impair your fitness to practise. Having such a condition will not necessarily mean we will refuse registration.

If the registrar is satisfied that you are correctly managing any relevant health condition, by taking steps which will avoid any risk to patients and will ensure you have the ability to perform your job safely, you will not be refused registration on health grounds.

The registrar may refuse to register someone with a serious impairment (for example, substance abuse or serious mental illness) who cannot be trusted to self-regulate, although they can reapply if their condition improves.

You should tell us about any relevant condition on a separate sheet. While not a definitive list, examples of conditions we would expect to know about are:

- uncorrected visual impairment
- the presence of any infectious disease, blood-borne virus (tuberculosis, hepatitis B) or other transmissible disease
- prescribed medication which substantially impairs the immune response
- psychiatric disease or problems
Indemnity
The Dentists Act 1984 includes a legal requirement for registrants to hold appropriate insurance or indemnity cover for practising as such; it is a condition of registration for all dental professionals to have insurance or indemnity cover.

We understand that those who are not/have not yet registered with the GDC will not yet have insurance or indemnity cover in place. The declaration on our application form is that you will have indemnity cover in place by the time you start to practise in the UK.

The only types of cover recognised by the GDC are:
Dental defence organisation membership – either your own membership or cover provided by your employer’s membership;
Professional indemnity insurance held by you or your employer; or
NHS/Crown indemnity.

Your insurance or indemnity cover must be appropriate to the areas of your practice. If you are relying on arrangements made by your employer, you must check the indemnity position with them. All registrants must know the details of their indemnity cover when they start practising, and be able to provide these to the GDC if asked to do so. The GDC may request further information regarding your insurance or indemnity cover during your application.

Making a false declaration to the GDC is a serious issue. If you declare that you have or will have appropriate indemnity in place and this is found to be false, there is a risk that you may be subject to fitness to practise proceedings or removed from the GDC register.

For more information on insurance or indemnity cover please see:

6. Fees
Please check our website or call the Registration Team on +44 (0)20 7167 6000 for current registration fees. If you are applying in June or July, in addition to the registration fee you will be required to pay your annual retention fee for the following year.

Continuing professional development (CPD)
You must undertake continuing professional development in 5-yearly cycles. Further information will be sent to you with your certificate of registration.

Use of additional DCP titles
If you are currently registered and wish to apply for use of additional DCP titles please include a fee of £12 with your application. For example, if you are a registered dental nurse but are also eligible to be registered as an orthodontic therapist, you can hold dual registration at this minimal cost.
Email
Please ensure that the email address provided is specific to you and is not a shared practice or group address.

Original documents
We strongly advise all applicants to send certified photocopies with their application. Please do not send original documents with your application; if you do send original documents and need them to be returned to you, please note there is a £10 administration fee for this.

Your application form, accompanying documents and registration fee should be posted to:
